MEMORANDUM FOR: Director of ELINT  
Director of Special Projects  
Director of Special Activities  
Director of Research and Development

SUBJECT : Projects to be Given Special Attention in the FY 70-74 CPC

1. In a memorandum dated 14 December 1967 from the Director, Office of Planning, Programming and Budgeting to the DD/S&T, Mr. Clarke stated that certain programs under DDS&T jurisdiction will be subject to extensive review next spring. This review will be both internal and external (BOB). Mr. Clarke listed some of these programs and asked that they be given "full and special attention" in the preparation of the FY 70 to 74 Combined Program Call. A copy of this list is attached and is of sufficient detail in its instructions to preclude further discussion as to what is desired.

2. In light of last year's detailed and lengthy OPPB hearings, it is to your advantage to ascertain that these programs are covered to the requested depth.

2. IDEALIST. The Bureau of the Budget has already evidenced intention to examine this project closely in the fall of 1968. In preparation for this we should conduct our own close examination of the project to determine the position the Agency should take and tactics it should use in dealing with the Bureau of the Budget on this activity. This examination should include:
